

HOW TO DELETE YOUTUBE CHANNEL

1

If you've decided to delete your YouTube channel, there are several ways you can complete that. However, you still have the option to hide your YouTube channel to guarantee not losing all your efforts. Let's analyze them both.

Delete YouTube Channel on PC

- Go to "Settings" on YouTube and then click "Advanced Settings".

- At the bottom of the page, you'll see "Delete channel" button. Click on it.

- After you select "Delete channel", YouTube will ask your password. Enter your password.

[Visit Us](#)

- On the next page, you'll see two options. Select "I want to permanently delete my content" and click "Delete my content".

Hide YouTube Channel on PC

- Follow the same steps mentioned above and then select "I want to hide my channel".

Steps to Delete YouTube Channel on Mobile

- Unfortunately, you can't delete YouTube channel on your mobile app. However, you can try using your web browser.
