

HOW TO GET MORE MATCHES ON TINDER

You reject people you don't like by sliding them to the left, and you like them by sliding them to the right. Do you wonder how to get more matches on Tinder?

REPRESENT YOURSELF RIGHT

1. YOUR PROFILE PHOTO IS VERY IMPORTANT

The first impression is significant on Tinder.

- Choose a photo with high resolution.
- Use pleasant and natural photo.
- Don't use too many group photos.

2. REFLECT ON YOUR SOCIAL LIFE

If you have a pet, you can put your photos with it or put photos while you are doing something you love or your hobby.

3. YOUR BIOGRAPHY SHOULD BE CONSISTENT

Try to express yourself naturally; be sincere. This will create a positive impression on you.

USE THE APP EFFECTIVELY

4. BE ACTIVE

Enter Tinder a lot but do not like everyone all the time, like it a little, and swipe the profiles slowly.

5. EDIT YOUR SETTINGS FOR MATCHES

If you want to match your type, you should optimize the setting for matches.

- Choose age range.
- Set the distance

6. USE BOOST FEATURE

Tinder Boost makes you one of the most popular profiles in the area for 30 minutes. When using Boost, your profile is displayed up to 10 times more.

- open Tinder and touch the purple lightning icon on the home screen.

TRICKS TO CATCH ATTENTION

7. BE A LITTLE PICKY

When someone moves a user to the right, and if that person instantly receives the “It’s a Match!” alert, it may cause that user to get negative points from the beginning. This reduces that person’s success on Tinder.

8. LOCATION MEANS EVERYTHING

Do not use Tinder in unsafe areas. However, when you go on holiday abroad, it can be a good way to have fun and meet people around you. You can set the distance.

9. DO NOT BE PERSISTENT

If that person didn’t reply to your message, don’t get stuck with that person. If the user didn’t reply to the first message, that person probably wouldn’t respond to your tenth message either.

10. THE FIRST MESSAGE IS IMPORTANT

- Just don’t write hello or hi.
- Be friendly first so that you can have a better chance.
- Ask interesting questions, or you can talk about a topic in the person’s profile.
- Don’t send a message when it’s too late; it shows you helplessness.

11. TINDER IS NOT FOR LOVE

Do not accidentally fall in love with your Tinder match and enter the world of pain.
