

# How to Delete A Story on Instagram

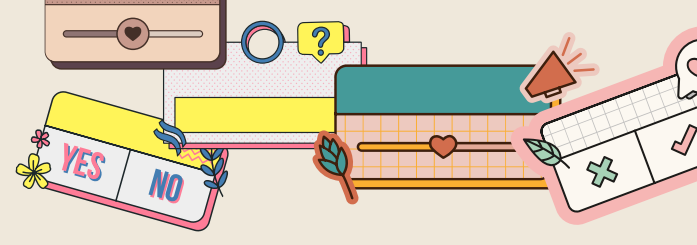

You can share Instagram stories, but the story doesn't end here. You might feel that a picture you uploaded to your story doesn't fit with how the rest of your stories are going. Moreover, you might think your story didn't get enough engagement or just regret posting a picture you took. Regardless of your reason, we are here to tell you how to delete a story on Instagram.

## Introduction to Instagram Stories:

### What Are They? How Do They Work?

We refer to Instagram stories as "sharing what's happening at the moment". Instagram Stories allows you;

- Add text
  - filters,
  - doodles,
  - stickers,
  - GIFS to your material and post multiple photos and videos.
- 

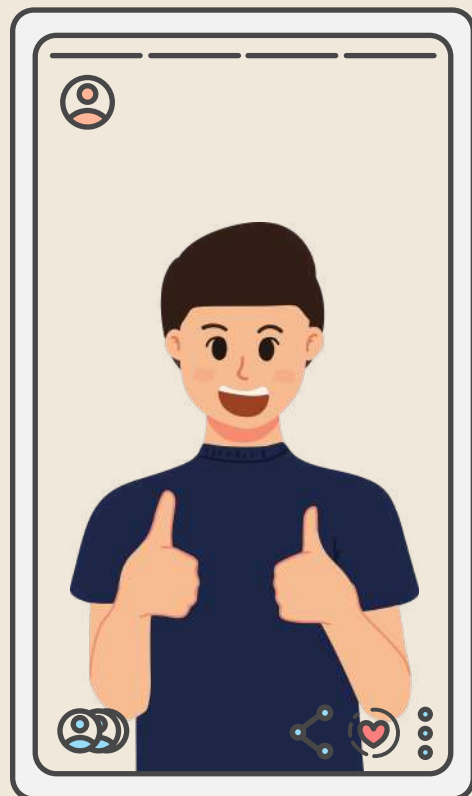

This picture or video slideshow remains on your Instagram stories for 24 hours.

## How to Share An Instagram Story

Sharing an Instagram story will take you a few seconds to upload an Instagram story unless you look for an aesthetic appearance. So, how do we share an Instagram story with our followers?

- First, log into your Instagram account.
- Click on your profile icon in the top-left corner.
- Click the "camera" button if you want to take a picture at that time. You can choose from settings such as boomerang, normal, hands-free, and more when you select the "Camera" button.
- Make your decision and snap a photo.
- Click on the icons in the top right corner of your page to add text, stickers, or filters to your picture.
- When satisfied with the outcome, select "your story" or press the arrow button to add the image to your Instagram story.
