How to Use Instagram Font Generator

1

Write your text into the given box on InstaFollowers' [Instagram Font Generator](#).

2

Choose the font style that you want.

3

After selecting the font style, tap on the "Generate" or "Preview" button.

4

Copy the generated text and paste it into the Instagram caption or bio.

User Comments

Great Fonts

"All these fonts are great. There are many options but choosing one is fun too."

Nat Bonilla

Cute Fonts

"There are really cute fonts. It will be great for my baby account on Instagram."

Hadi Joyner

Unique and Original

"Using these fonts made me realize we have been using the same template over and over again. It is not just on Instagram but on all social networks."

Eric Duggan

Many Options

"I was bored of the same font on Instagram. This website clearly adds something unique to our social media experience. There are so many options to choose as Instagram bio fonts."

Cydney Bailey
