

# How to Make a Facebook Profile Video

## STEP 01

Open the Facebook app, go to the website, and log in using your username and password.

## STEP 02

Click on your profile picture or name in the top navigation bar to access your Facebook profile.

## STEP 03

On your profile page, locate your current profile picture and click on it. From the menu, choose the option "Upload Video."

## STEP 04

Click on the "Choose a video file" button and navigate to the location where your profile video is stored on your device. Select the video file you want to upload as your profile video.
